DECLARATION OF INDEPENDENCE

When in the course of student events, it becomes necessary for our class to break the ties that have connected us to Biglerville High School, and to assume the responsibilities and privileges to which the Laws of Nature entitle us, then we must assert and declare ourselves to be free and independent.

And for the support of this declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Loyalty, and our Friendship

ACADEMICS

Webster defines faculty as
''teachers of a school, college, or
university; members of profession.''
Yet, as is the case in all definitive
attempts, the person being defined
suffers greatly. In such a definition,
there is not room for warmth,
optimism, wit, or error. In short,
there is no room left for being
human.

JUNIOR HIGH

Being in Junior High is . . .

". . . being afraid to raise your hand in a class full of upperclassmen, even when you have to go to the bathroom!"

". . . after twelve years of waiting, finally being a Canner."

". . . trying to act older than everyone else and ending up acting more immature than before."

''. . . being old enough to know, but too young to try."
